

EUROpean Intensive Seminars of PETrology

Fifth Seminar

"High-Temperature Metamorphism and Crustal Melting"

Monte Ortone, Padova (Italy), June 1-10, 2010

Deadline for application: 31 January, 2010

We invite applications from PhD students (Master students and post-docs will be considered if places are not filled by PhD) to the EURISPET Seminar on "High-Temperature Metamorphism and Crustal Melting".

PERIOD: June 1st (arrival) – June 10, 2010 (departure).

VENUE: Hotel San Marco, Monte Ortone, Padova (www.termesalesiani.it/sanmarco)

PARTICIPANTS: The School is limited to 35 participants supported by the EC (30 Early Stage Researchers – up to 4 years research activity including PhD –, and 5 Experienced Researchers – up to 10 years research experience –), with the possibility of other 5 participants attending on a self-funded basis. The participants may come from any country worldwide, but a few conditions exist to be eligible (see "eligibility" on <http://www.eurispet.eu>). In addition, selection of participants will consider criteria of gender balance, regional balance, quality of past research, student status (with preference for PhD, post-doc) and knowledge of English.

PROGRAM: The School will consist of two days of excursions to the Ivrea Zone, one day for student presentations to enable participants to present and discuss their own research, and six days of formal lectures with world-known experts, including a session on Building a Scientific Career and FP7. The Seminar will focus on various interconnected aspects of HT metamorphism and anatexis such as geodynamics, rheology, microstructural analysis, experiments, field studies, thermodynamic modelling, geochemistry of anatectic magmas and S-type volcanism. A detailed program is posted at <http://www.eurispet.eu>.

PRELIMINARY LIST OF LECTURERS: Antonio ACOSTA-VIGIL (Granada, Spain), Jenny ANDERSSON (Uppsala, Sweden), Don BAKER (Montreal, Canada), Mike BROWN (College Park, MD, USA), Mark CADDICK (Zurich, Switzerland), Bernardo CESARE (Padova, Italy), Jamie CONNOLLY (Zurich, Switzerland), Giulio DI TORO (Padova, Italy), Don DINGWELL (Munich, Germany), Simon HARLEY (Edinburgh, UK), Marian HOLNESS (Cambridge, UK), Nigel KELLY (Golden, CO, USA), Ed SAWYER (Chicoutimi, Canada), Karel SCHULMANN (Strasbourg, France), Silvano SINIGOI (Trieste, Italy), Lucie TAJCMANOVA (Prague, Czech Republic), Alan THOMPSON (Zurich, Switzerland), Daniel VIELZEUF (Marseille, France), Dave WATERS (Oxford, UK), Andy WOODS (Cambridge, UK).

FEES: Accepted eligible participants will be fully funded by EC (registration fee, travel, accommodation and meals, up to the limits defined by EC) through the Marie Curie Scheme. People (maximum 5) attending on a self-funded basis should pay 300 Euro (registration) plus 750 Euro (accommodation and meals).

APPLICATIONS: Application, by email to secretary@eurispet.eu, filling the form that can be downloaded at: <http://www.eurispet.eu>.

IMPORTANT DEADLINES

31 January 2010: Deadline for application

28 February 2010: Notification of accepted applications.

30 April 2010: Circular with final program and technical details.

EURISPET is a Marie Curie "Series of Events" funded by the European Commission through the Sixth Framework Programme. The partner institutions are Università di Padova (Italy, Coordinating), Institut de Physique du Globe (Paris, France), The Australian National University (Canberra, Australia), Eötvös-Lorand University (Budapest, Hungary), Universidad de Granada (Spain), Swiss Federal Institute of Technology (Zurich, Switzerland).
